

ManageBac

Reporting in the Middle Years Programme
IB Americas

ManageBac report cards for the Middle Years Programme are designed for flexibility and customization, reflecting the wide diversity of assessment approaches at IB MYP schools.

Our reports are based on the most common forms of MYP assessment. They include:

- Final IB MYP, local grades and teacher comments
- Achievement levels for subject-specific criteria
- Customizable subject-specific rubrics and options
- Approaches to Learning using customized criteria
- Service as Action and Personal Projects

Once generated, PDF report cards are available immediately on **ManageBac** for students, parents, and teachers to view and download.

This booklet includes a sample fictional report card from Faria International School, followed by real sample report cards* generated by **ManageBac** schools. We hope this range of examples allows you to see new possibilities in your assessment practices.

We are grateful to the following schools for allowing us to showcase their report cards:

- **The English School of Bogota**
- **The British School of Washington**
- **Strathcona-Tweedsmuir School**

At the end of the booklet, we've included a PDF QuickStart guide to MYP reporting on **ManageBac**.

If you're interested in exploring our reporting functions further, call or e-mail us to enable the functions on your account.

We are looking forward to working with you this year!

Faria International School Sample MYP Report

Prepared: December 15, 2017

Student Name: Rachel Epelbaum

Grade: Grade 10

Homeroom Advisor: Richard Chandler

Dear Parents,

An education at Faria International School is about actively combining challenging and enriching experiences with academic rigor and creative opportunities. We want our students to have the courage to push back the boundaries of their experience and to explore the possibilities that are available to them. Whilst we are proud of their academic results, there is so much more to the education we provide. It is, therefore, important that parents wholeheartedly support the ethos of the school.

Whether it is in the classroom, on the stage, whilst participating in an expedition, on the sports field or when serving others, we want our students to experience the excitement of discovering they are capable of achieving far more than they ever felt was possible. We have high expectations of our students and they, in turn, have high expectations of themselves.

On this note, I would like to present the first report card of this academic year. Let's work together to create an environment for true development.

Kind regards,

John Walden
Principal

IB Learner Profile

Inquirers	We nurture our curiosity, developing skills for inquiry and research. We know how to learn independently and with others. We learn with enthusiasm and sustain our love of learning throughout life.
Knowledgeable	We develop and use conceptual understanding, exploring knowledge across a range of disciplines. We engage with issues and ideas that have local and global significance.
Thinkers	We use critical and creative thinking skills to analyse and take responsible action on complex problems. We exercise initiative in making reasoned, ethical decisions.
Communicators	We express ourselves confidently and creatively in more than one language and in many ways. We collaborate effectively, listening carefully to the perspectives of other individuals and groups.
Principled	We act with integrity and honesty, with a strong sense of fairness and justice, and with respect for the dignity and rights of people everywhere. We take responsibility for our actions and their consequences.
Open-minded	We critically appreciate our own cultures and personal histories, as well as the values and traditions of others. We seek and evaluate a range of points of view, and we are willing to grow from the experience.
Caring	We show empathy, compassion and respect. We have a commitment to service, and we act to make a positive difference in the lives of others and in the world around us.
Risk-takers (Courageous)	We approach uncertainty with forethought and determination; we work independently and cooperatively to explore new ideas and innovative strategies. We are resourceful and resilient in the face of challenges and change.
Balanced	We understand the importance of balancing different aspects of our lives — intellectual, physical, (spiritual) and emotional — to achieve well-being for ourselves and others. We recognize our interdependence with other people and with the world in which we live.
Reflective	We thoughtfully consider the world and our own ideas and experience. We work to understand our strengths and weaknesses in order to support our learning and personal development.

Summary of Achievement

	Achievement Levels				Final Grade	Local Grade
Language and literature: English James Hendrick	A 8	B 7	C 8	D 8	7	A+
Rachel is showing a strong interest in the literature we have been reading this term. I'm glad to see her working on her vocabulary and improving the language she uses in her compositions.						
Language acquisition: Chinese Phases 1, 2, 3 Risa Aoki	A 6	B 6	C 7	D 8	6	A
Rachel has been doing well on our written work, but needs to work harder on her pronunciation. Jia you!						
Individuals and societies: Economics Bess Levin	A 7	B 8	C 6	D 8	7	A+
Good analysis. Participates actively in class discussions.						
Mathematics: Standard Mathematics Jack Reacher	A 8	B 7	C 7	D 6	7	A+
Rachel has been improving in class as the semester has progressed. I believe if she continues to work hard on her homework and actively asks questions when she doesn't understand, she will begin to excel.						
Arts: Visual arts Richard Chandler	A 5	B 6	C 5	D 7	5	B+
Rachel has shown herself to be quite inquisitive when it comes to the development of art over the past century. She is particularly interested in the changing notion of what is considered art, and how society has responded to this.						
Physical and health education: Physical Education Richard Chandler	A 7	B 7	C 6	D 8	7	A+
Rachel is a great team player and contributed effectively and consistently throughout this semester. She was a joy to have in class and I look forward to seeing her contributions in her Diploma years!						
Design: Technology Maxine Reed	A 7	B 7	C 6	D 7	6	A
Rachel continues to show a good attitude towards her coursework, and continues to actively participate in discussions. She is lively and animated, and always an active participant in discussions.

Homeroom Advisor Comments

Rachel has done exceptionally well academically over the past term. In particular, her personal project received top marks and she has qualified to represent the school at the Siemens Westinghouse science competition. The entire faculty are incredibly proud of her work over the past term, well done!

Inquiry Question: What can replace kerosene lamps in developing nations?
Goal: Creating a solar-powered LED reading lamp
Supervisor: James Hendrick

Personal Project Assessment

Criteria	Achievement Level		Maximum				
A: Investigating	8		8				
Rachel is able to define a clear and highly challenging goal and context for the project, based on personal interests, identify prior learning and subject-specific knowledge that is consistently highly relevant to the project, demonstrate excellent research skills.							
B: Planning	8		8				
Rachel is able to develop rigorous criteria for the product/outcome, present a detailed and accurate plan and record of the development process of the project and demonstrate excellent self-management skills.							
C: Taking action	7		8				
Rachel is able to create an excellent product/outcome in response to the goal, global context and criteria, demonstrate excellent thinking skills and demonstrate excellent communication and social skills							
D: Reflecting	8		8				
Rachel is able to present an excellent evaluation of the quality of the product/outcome against his or her criteria, present excellent reflection on how completing the project has extended his or her knowledge and understanding of the topic and the global context and present excellent reflection on his or her development as an IB learner through the project.

MYP Assessment Criteria

Achievement Level Maximum

A: Analysing

Rachel provides perceptive analysis of the content, context, language, structure, technique, style of text(s) and the relationship among texts, perceptively analyses the effects of the creator's choices on an audience, gives detailed justification of opinions and ideas with a range of examples, and thorough explanations; uses accurate terminology, perceptively compares and contrasts by making extensive connections in features across and within genres and texts.

8

8

B: Organizing

Rachel makes sophisticated use of organizational structures that serve the context and intention effectively, effectively organizes opinions and ideas in a sustained, coherent and logical manner with ideas building on each other in a sophisticated way, makes excellent use of referencing and formatting tools to create an effective presentation style.

7

8

C: Producing text

Rachel produces texts that demonstrate a high degree of personal engagement with the creative process; demonstrates a high degree of insight, imagination or sensitivity and perceptive exploration of and critical reflection on new perspectives and ideas, makes perceptive stylistic choices in terms of linguistic, literary and visual devices, demonstrating good awareness of impact on an audience, selects extensive relevant details and examples to develop ideas with precision.

8

8

D: Using language

Rachel effectively uses a range of appropriate vocabulary, sentence structures and forms of expression, writes and speaks in a consistently appropriate register and style that serve the context and intention, uses grammar, syntax and punctuation with a high degree of accuracy; errors are minor and communication is effective, spells/writes and pronounces with a high degree of accuracy; errors are minor and communication is effective, makes effective use of appropriate non-verbal communication techniques.

Boundaries	0 – 5	6 – 9	10 – 14	15 – 18	19 – 23	24 – 27	28 – 32

A: Comprehending spoken and visual text

Rachel analyses considerably and draws conclusions from information, main ideas and supporting details. Rachel analyses most conventions. Rachel engages considerably with the spoken and visual text by analysing most ideas, opinions and attitudes and by making a response to the text based on personal experiences and opinions from a global perspective.

6 8

B: Comprehending written and visual text

Rachel analyses considerably and draws conclusions from information, main ideas and supporting details. Rachel analyses most basic conventions including aspects of format and style, and author's purpose for writing. Rachel engages considerably with the written and visual text by analysing most ideas, opinions and attitudes and by making a response to the text based on personal experiences and opinions from a global perspective.

6 8

C: Communicating in response to spoken, written and visual text

Rachel responds in detail and appropriately to spoken, written and visual text. Rachel engages confidently in rehearsed and unrehearsed exchanges to share a variety of informative and organized ideas on a range of topics of personal and global significance. Rachel effectively expresses a wide range of ideas, opinions and feelings, and communicates information in a wide range of situations; ideas are relevant and developed, reflecting a good understanding of the topic. Opinions are supported by examples and illustrations. Rachel communicates with an excellent sense of register, purpose and style.

7 8

D: Using language in spoken and written form

Rachel writes/speaks effectively using a range of vocabulary, complex grammatical structures and conventions accurately; occasional errors do not interfere with communication. Speaks with excellent intonation and fluency, making communication easy, organizes information and ideas into a clear and effective structure; uses a wide range of cohesive devices accurately, enhancing the development of ideas, uses language effectively to suit the context.

A: Knowing and understanding

Rachel consistently uses a wide range of terminology effectively, demonstrates detailed knowledge and understanding of content and concepts through thorough accurate descriptions, explanations and examples.

7

8

B: Investigating

Rachel formulates a clear and focused research question and justifies its relevance, formulates and effectively follows a comprehensive action plan to investigate a research question, uses research methods to collect and record appropriate, varied and relevant information, thoroughly evaluates the investigation process and results.

8

8

C: Communicating

Rachel communicates information and ideas accurately by using a style that is mostly appropriate to the audience and purpose, structures information and ideas in a way that is mostly appropriate to the specified format, often documents sources of information using a recognized convention.

6

8

D: Thinking critically

Rachel completes a detailed discussion of concepts, issues, models, visual representation and theories, synthesizes information to make valid, well-supported arguments, effectively analyses and evaluates a wide range of sources/data in terms of origin and purpose, recognizing values and limitations, thoroughly interprets a range of different perspectives and their implications.

Bogotá, 17 de marzo de 2017

Apreciados Padres de familia y/o acudientes:

A continuación encontrarán el informe del segundo trimestre del año lectivo 2016 – 2017. En él se describe el progreso del proceso de aprendizaje de sus hijos(as) en las diferentes asignaturas.

Notaran que en las clases de Diseño y Tecnología la nota final del lado izquierdo aparece como N/A. Esta nota no debe ser tomada en consideración, ya que la nota final que aparece al lado derecho es la nota final de sus hijos/hijas para este trimestre.

Aprovechamos la oportunidad para agradecerles su apoyo y colaboración. Esperamos contar con su valiosa presencia en el Open Day del próximo 25 de marzo de 2017, el cual, tendrá énfasis en la reuniones con los profesores de cada asignatura.

Cordialmente,

Dear Parents and guardians:

In this document you will find the report for Trimester 2, academic year 2016-2017. Here you will find your son's and daughter's academic progress in different subjects.

You will notice in Design Technology the final grade on the left appears as N/A. It should not be taken into account as the final grade on the right hand side is the final grade for your sons/daughters this trimester.

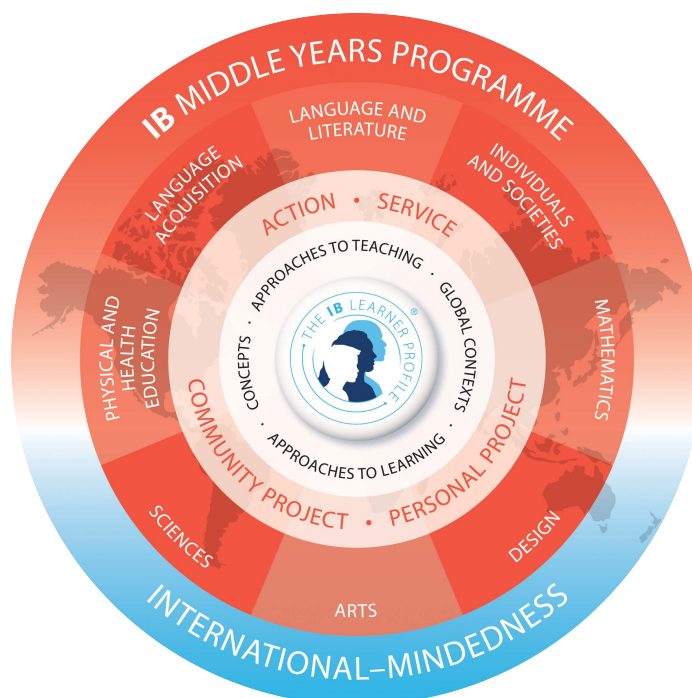

We would like to take this opportunity to thank you for your support and collaboration. We hope we can count on your presence at Open Day, on the 25th of March, 2017 with the focus being meetings with the subject teachers.

Regards,

Thomas

Sofia is a very caring and intelligent student however she struggles in analysis and producing text. Sofia needs to focus on her approaches to learning put more effort into her classwork and homework. In analysis, she must work on identifying parts of a text and providing examples and explanations of her answers while producing text.

Sofia presents has a great attitude in class and has been placed in academic support where she will receive reinforcements on topics presented in class. With more hard work and dedication, I am sure she will be successful in the next term.

Dear IGCSE Students:

The purpose of this summary is to collate information about the academic progress you are making. So that: a) you can continue to improve and b) you can discuss how you plan to improve with your parents.

This half term's progress summary includes the following information

- The IB Learner Profile.

Progress Summary page:

- A Summary for each subject as to whether you are Beginning (B), Developing (D) or at Mastering (M) at a specific level of attainment.
- A Progress Level which is generated using several key indicators such as the work formally assessed and recorded on MB as well as work completed in class, homework, your lesson contributions and your teachers' observations and judgments about what level they feel you are currently working at within their subject.
- An effort grade.
- An end of year Academic Target Grade. (This Grade is fixed for the year)
- Year 11 will also see a mock exam grade. The mock exams mirror the terminal exams that students will sit at the end of the IB course. These are taken under exam conditions and the results provide staff with an understanding of where your child's strengths and weaknesses are within that subject.
- Attendance for each class.
- Please note that Form group attendance is taken using a different school system and is not recorded here.
- Form Tutor Comment: Your Personal Progress Target.

Progress Summary & Learning target:

- Description of the work covered this half term.
- A specific "Progress Learning Target" that appears in the comment section that helps you to further your progress and improve your attainment in each of the subjects you are studying.

At BSW we believe that personal progress is as important as academic progress, please do take the time with your parents and form tutor to review your Record of Achievement at the end of the half term to assess what areas you will need to work on in the next term.

To Parents:

Please be aware that as we are in the digital age: a) there will be no paper copies of these progress summaries. And b) the above format will be used for all progress summaries this year.

There will be no written summative report. All parents are encouraged to follow and discuss the progress of their children on ManageBac or in discussion with subject staff. We believe this is the most efficient way to support young people's learning and progress.

Kindest Regards,

IB Learner Profile

Inquirers	We nurture our curiosity, developing skills for inquiry and research. We know how to learn independently and with others. We learn with enthusiasm and sustain our love of learning throughout life.
Knowledgeable	We develop and use conceptual understanding, exploring knowledge across a range of disciplines. We engage with issues and ideas that have local and global significance.
Thinkers	We use critical and creative thinking skills to analyse and take responsible action on complex problems. We exercise initiative in making reasoned, ethical decisions.
Communicators	We express ourselves confidently and creatively in more than one language and in many ways. We collaborate effectively, listening carefully to the perspectives of other individuals and groups.
Principled	We act with integrity and honesty, with a strong sense of fairness and justice, and with respect for the dignity and rights of people everywhere. We take responsibility for our actions and their consequences.
Open-minded	We critically appreciate our own cultures and personal histories, as well as the values and traditions of others. We seek and evaluate a range of points of view, and we are willing to grow from the experience.
Caring	We show empathy, compassion and respect. We have a commitment to service, and we act to make a positive difference in the lives of others and in the world around us.
Risk-takers (Courageous)	We approach uncertainty with forethought and determination; we work independently and cooperatively to explore new ideas and innovative strategies. We are resourceful and resilient in the face of challenges and change.
Balanced	We understand the importance of balancing different aspects of our lives — intellectual, physical, (spiritual) and emotional — to achieve well-being for ourselves and others. We recognize our interdependence with other people and with the world in which we live.
Reflective	We thoughtfully consider the world and our own ideas and experience. We work to understand our strengths and weaknesses in order to support our learning and personal development.

Form Tutor Comments

Candice, you have continued to grow as a thoughtful and independent student. You have been open minded and reflective with your challenges of balancing your social life and homework. You have set yourself the target of being more patient and tolerant of things you don't originally agree with or find easy.

Progress Summary & Learning Target

Spanish Edexcel 4SP0

Camilla

During this half term students will develop their vocabulary on the topics of food and home. They will sharpen their past tense knowledge and will look in depth at the irregular verbs in this tense. They will develop their reading skills by tackling texts of increasing length and complexity. Students will become familiar with the IGCSE exam format and will understand the requirements of writing at IGCSE standard.

Comments

Candice, you have shown a good understanding of the past tense this term, and the accuracy of your writing has really developed. You are still getting confused about how to use verbs like "me encanta" and "me gusta". Do some research on this and if it still seems confusing then come and ask me and I will explain.

Geography CIE 0406

Year 10 are focusing on 'Population and Settlement' – sections 1.1 – 1.7 of the syllabus. During the first half term, they will study the factors affecting the growth, structure and distribution of population, the impact of population policies and HIV/AIDS, population pyramids, the Demographic Transition Model and migration. During the second half of the term, they will focus on 'Settlement' section syllabus. In this topic, they will study settlement patterns and functions; the growth of settlements and the problems associated with this; land use zones and the impacts of urbanization in both LEDC's and MEDC's. The knowledge gained this term will enable them to answer the questions one and two on Paper 1 of their final exam. Through the use of case studies, students will gain a greater understanding of the range of factors that impact population change in LEDCs and MEDCs as well as being able to compare the challenges that face the growing urban areas of the world. Throughout this term, students will make use of statistics, graphs, diagrams and maps as preparation for Paper 2, which is a more skills based paper.

IGCSE Mock Exam Grade	N/A

Attendance: 1 Absent 12 Present 0 Late 1 Other

Comments

You are still overcomplicating your case studies and your answers. Listen carefully to what is required and give straightforward, bullet pointed responses. Trust in your own ability; you are more than capable but often question your own answers.

The Global Perspectives course will commence with an in depth study of the belief system of a particular country where you will direct your own learning through an extended research task. You will develop the skills of evaluation, analysis and questioning that will be evidenced through your writing. In a complicated and challenging future characterized by a barrage of information, you will gain a sense of your own active place in the world and how you to cope with changes and challenges which will impact your future opportunities, chances and choices.

This half term the nature & variety of living things(section 1), Gas exchange & respiration will be studied.

Within this students may be assessed in 3 areas that would provide different % of their final grade: AO1 Knowledge and understanding (50%), AO2 Application of knowledge and understanding, analysis and evaluation(30%) and AO3 Experimental skills, analysis & evaluation of data (20%).

Comments

You are still unsure of living thing characteristics. Re draw the cells as well as revisiting the flash cards as these ideas should be concrete before you move on. When writing an investigation you must think IV/DV & controlled variables. This is important for actual experimental work and the exam, it was on the osmosis paper.

Comments

Candice, I am pleased with the effort you have made this term, especially with the positive manner in which you took my previous suggestions for improvement.

To make even more progress, I would like to see you become more assertive in class by volunteering your opinions more often, as you have a very worthwhile contribution to make but seem to lack confidence in your ability. Also, don't be reluctant to ask for help and support when you are unsure about anything.

Mathematics: Maths Edexcel 4MA0

This half term we will start by looking at powers and indices and looking at simplifying powers. We will then move on to LCM, HCF and its link with prime factorisation and also look at standard form. After this the focus will change to look at transformation of shapes and we deal with reflection, enlargement, translation and rotation.

Candice, please ensure you really focus in class so when we do something you have understood the process, the method and the reason for doing something in a particular way. Areas you need to practise are prime factorization, dividing fractions and expanding brackets. You will get to where you need to and I will get you there but it needs you to spend a little time outside of the classroom practising some concepts on myimaths.com.

Comments

Candice, your target now is to find ways to include pauses and moments of stillness in your performances to create tension and atmosphere for the audience. This is especially important in scripted performances where it can be tempting to say longer passages in one go without finding moments to pause.

Visual Arts: Art Edexcel 4FA0

Year 10 IGCSE Artists will be working on their second major independent project entitled 'Open'. They will interpret the theme in a personal way and consider a range of media during the term to express their ideas. They will also have the opportunity to experiment with a variety of materials such as clay, printmaking and photography.

Comments

You should focus on the A02 element of the course and try transforming some of your drawings into the style of artists you like. Make a note of the artists name when you come across a piece that captures your attention.

Strathcona-Tweedsmuir School

 **ManageBac** school since 2013

Introduction

Strathcona-Tweedsmuir School (STS) officially opened on a beautiful country campus in Okotoks, Alberta, in September 1971. Today, STS is a coeducational independent school community for Grades 1 -12 that develops well-balanced students for a life of purpose by inspiring excellence in scholarship, leadership, and character.

An International Baccalaureate school since it was authorized for the Diploma Programme in 2000, STS has offered the complete IB continuum since 2013, when it became an accredited Middle Years Programme school.

In addition to being an IB World School, STS is also a Round Square School and the philosophy, values and ideals that it shares with these organizations shape its unique learning environment.

Mid-Year Report Card

Prepared: February 3, 2017

Student Name: Yujiro

Grade: Year 2/Grade 7

Homeroom Advisor: Antoine

Dear Middle School Parents:

Strathcona-Tweedsmuir School is pleased to present our Mid-Year Report, which will inform you of your child's academic progress to date. Learning is reported using MYP criteria and the overall achievement for each course has been reported as an achievement level with a maximum of 7 possible. A description of these levels can be found at the end of the report. Students will also be assessed using the Learning Skills Rubric for each of their classes. This rubric is designed to communicate cross-curricular competencies such as collaboration, communication and affective skills. The intent of this rubric is to communicate students' growth and development in areas other than academics. I encourage you to engage in a conversation with your son or daughter about their achievement.

Please read the teachers' comments, as they will help inform a student's progress in the course. We will be producing Honour rolls based on this report card. Honours certificates will be awarded for an MYP level average of 5 to 5.99 across all courses. First Class Honours certificates will be awarded for an average of 6 and above across all courses. Honour rolls will be produced again after the final report card in June. Descriptions of all assessment criteria for any subject can be found in the MYP Handbook which can be downloaded from the School website or found on Managebac. You can also view your child's specific assignment results on Managebac at any time.

Parent teacher interviews are not being scheduled in conjunction with this report. Please contact faculty directly if you would like to set up a meeting to discuss your son or daughter's progress. The next report card will be available on Thursday, March 2, 2017 and will be accompanied by parent teacher interviews on Tuesday, March 7, 2017 from 4:00–8:00 p.m. and on Thursday, March 9, 2017 from 1:00–6:00 p.m.

Please feel welcome to contact me at school to discuss your son or daughter's academic progress or any aspect of their STS experience.

Sincerely,

Carter
Middle School Principal

Homeroom Advisor

You are continuing to have a great year, Yujiro. You are excelling in all of your classes. Your teachers, including myself, are all very happy with your level of commitment and determination to go above and beyond. Congratulations on making Honours this reporting period. Your marks are strong throughout your courses, which you can be very proud of. You have been involved in some scorekeeping during the volleyball season, though I would encourage you to continue to become involved in even more service initiatives this term. I wish you continued success for the remainder of the year.

Yujiro is a strong reader, writer and thinker. He provides leadership within our class, for he offers insightful comments during class discussion and is always willing to challenge himself. As the year continues, and the complexity of the assignments increases, Yujiro will develop his writing and analytical skills even further. It is a pleasure to teach such a willing and capable learner. He is a charming young man. Speech Day is not far away; I am looking forward to Yujiro's selection.

Yujiro has demonstrated a solid understanding of the topics explored thus far in Spanish 7 and is a pleasure to have in class. He is enthusiastic and inquisitive toward learning a second language and he is able to consistently communicate the basic phrases we have studied in the first term. Yujiro's comprehension of spoken and written texts is also strong, as he is able to identify the main ideas and supporting details, as well as, make connections between information. I look forward to his continued success in Term II.

Yujiro has continued to have a good year in social studies. He has proven that he can be successful at conducting effective research. For each project that he has completed, he has often been able to collect and record information consistent with the research question or topic. He can identify connections within various styles of information in order to make a fairly well-supported opinion. Yujiro's writing is fair; however, I think he could add some expression to his descriptions and make sure that he fully explains his examples. I wish Yujiro all the best for the remainder of the year.

Yujiro is a strong science student. His quiet and polite disposition makes him a joy to teach. He is a mature and responsible student with a strong work ethic and advanced approaches to learning skills. Yujiro performs consistently well on quizzes that assess his knowledge in familiar and unfamiliar situations. When investigating and presenting on an issue, Yujiro would benefit from making cue cards to help him speak more confidently on the topic. I wish him much success in the second part of the year.

Yujiro is a keen mathematics student that always strives to master the concepts being covered. He enjoys a challenge and has improved his ability to investigate and prove patterns. Along with performing well on unit tests, Yujiro has shown a great ability to communicate his thought process in a clear and concise way. He is developing the skills needed to reflect on his mathematical findings and critique the accuracy of his solutions to real life situations. I am impressed with Yujiro's positivity and look forward to witnessing his continued growth in Math 7 in the second half of the year.

I have appreciated Yujiro's enthusiasm for being physically active with his peers. In our activity units, Yujiro is able to demonstrate the required skills effectively but does not always do so consistently. Focusing on applying the specific coaching points will help him improve in this area. However, his experience in basketball enabled him to help others while still work on refining his skills. In his written work, Yujiro often has good ideas. Providing more supporting detail and examples will enable him to achieve the highest level. I look forward to Yujiro's continued growth in my class.

Yujiro had a good start to the year in Art and Design 7, showing great interest in the subject area. This semester, the majority of Yujiro's work has been focused in the design discipline, where he is currently working on a long term project to design a 21st century school for a community in Canada's north. With a keen interest in architecture and a strong work ethic, he has established himself as a leader during this project, and he is often sought after by his peers for assistance and feedback. Yujiro's meticulous approach to each stage of the design process has led to an outstanding product so far. I notice that Yujiro's work often scores right below the highest achievement band. As such, it would be helpful for him to review the rubrics for his assignments before submitting them. This gives him a chance to refine his work such that it meets the criteria for Level 7-8. It is a pleasure to teach Yujiro and I know that he will continue to develop his abilities as an artist and a designer in Semester II.

Assessment Explanation

HOW THE STUDENT AND THE WORK ARE ASSESSED IN THE MYP

The IB has developed assessment criteria against which student's work has been assessed.

Students should not be judged against the work of other students, but rather against assessment criteria which the teacher shows and explains to students. As work is assessed, both parents and students can track achievement against the criteria on Managebac. An explanation of how report card grades are calculated is below:

How a grade is calculated using the MYP grading system

1. There are a set of objectives for each subject to match the assessment criteria.
2. Every subject has different numbers of criteria, i.e. Language A has three, Science has six, and Physical Education has four.
3. Subjects may have different numerical bands for the criteria, i.e. 1-8, or 1-10. Even within one subject the criteria may have different numerical bands, i.e. criterion A 1-8, criterion B 1-4.
4. Grading is based on the level of achievement for each criterion.
5. The final achievement level for all the different criteria is based on a student's *recent and consistent* performance
6. After having worked out the achievement levels for the different criteria for each subject, the achievement levels are added up. The teacher then applies the grade boundaries to determine the final grade for each specific subject and this becomes a mark out of 7 for each subject. Please see below for a description of the 1-7 Grades.

Should you have any questions regarding the processes involved in MYP assessment practices, please contact the school's MYP Coordinator, *Mrs. Alanna Wellwood*, at wellwoa@sts.ab.ca or 403-995-5464.

MYP Coordinator: Reports

Introduction to ManageBac Report Cards

Highly customizable, fully integrated with teacher gradebooks, and tailored for IB MYP assessment, ManageBac report cards are generated in PDF and are instantly available for students and parents to view.

Click **Reports** to begin.

Final Reports
Click to generate reports - immediately available to students and parents.

Selections
Specify the academic term, template, and year levels for the report you wish to generate.

Templates
Create different report templates for different year levels or terms.

Excel Export
Export all grades.

Preview Options
Generate individual or full-scale drafts.

Step 1: Logo

Before customising your reports, please first navigate to **Settings > School Settings > Customise Logo**. Here you can upload a high resolution logo for the reports. For best results, the logo should be between 1,000 to 1,500 pixels wide, and in PNG format.

High Resolution Logo

Choose File no file selected

Logo Appearance

- ☒ Normal (30% width)
- ☐ Full Size (100% width)
- ☐ Remove High Resolution Logo

Step 2: Rubrics and Options

Teacher gradebooks are pre-built with spaces for Term Grades and Comments. However, if you would like to include additional forms of assessment, e.g. ATLs or Effort grades, please navigate to Settings > Middle Years > Rubrics & Options.

The top screenshot shows the 'Settings > Academic Programmes & Curriculum > Middle Years' path. The 'Rubrics & Options' section is active. Under 'Enable evaluation of:', the checkboxes for 'Service as Action' and 'Approaches to Learning' are checked. The 'Rubrics' section shows tabs for 'SA', 'ATL', 'All Subjects', 'Sciences', 'Mathematics', and 'Arts'. A red arrow points to the 'Add Rubric' button.

The bottom screenshot shows the 'Add New Rubric' form. The 'Title' field is empty. The 'Type' is set to 'Criteria'. The 'Related Subject' is set to 'All Subjects'. Below the form is a table with the following data:

Value	Descriptor	Delete
EE	Exceed Expectation	Remove
ME	Meets Expectations	Remove
BE	Below Expectations	Remove
C	Concerning	Remove

At the bottom of the form, there is an 'Add Option' button and a red box around the 'Create Rubric' button, with a 'or Cancel' link next to it.

Enable ATL assessment by clicking on the the checkbox. We build in the ATLs.

You can edit the criteria and descriptors by hovering over the title and clicking Edit.

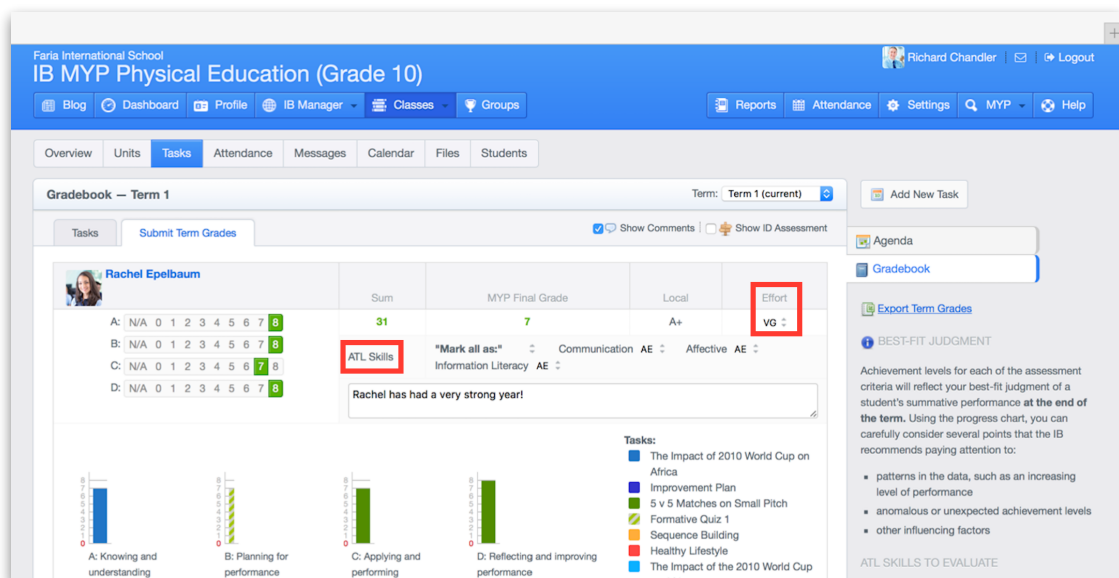

To add a new form of assessment, click Add Rubric. You can specify if this will apply to All Subjects or individual subjects, and set your criteria.

Step 3: Teacher Gradebooks

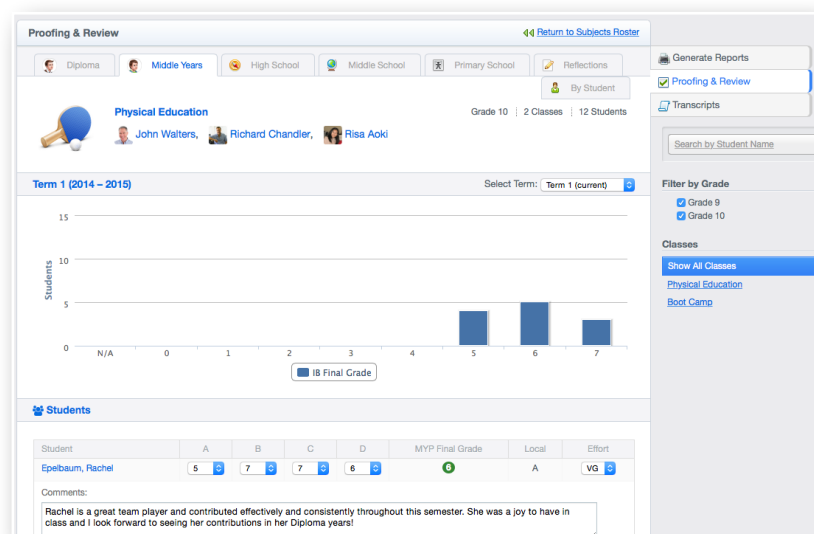

Under the Tasks tab of a class, teachers can Submit Term Grades.

Here the teacher can set achievement levels, final IB grade, and term comments. Note the ATLs are available as well as the newly created Effort grade.

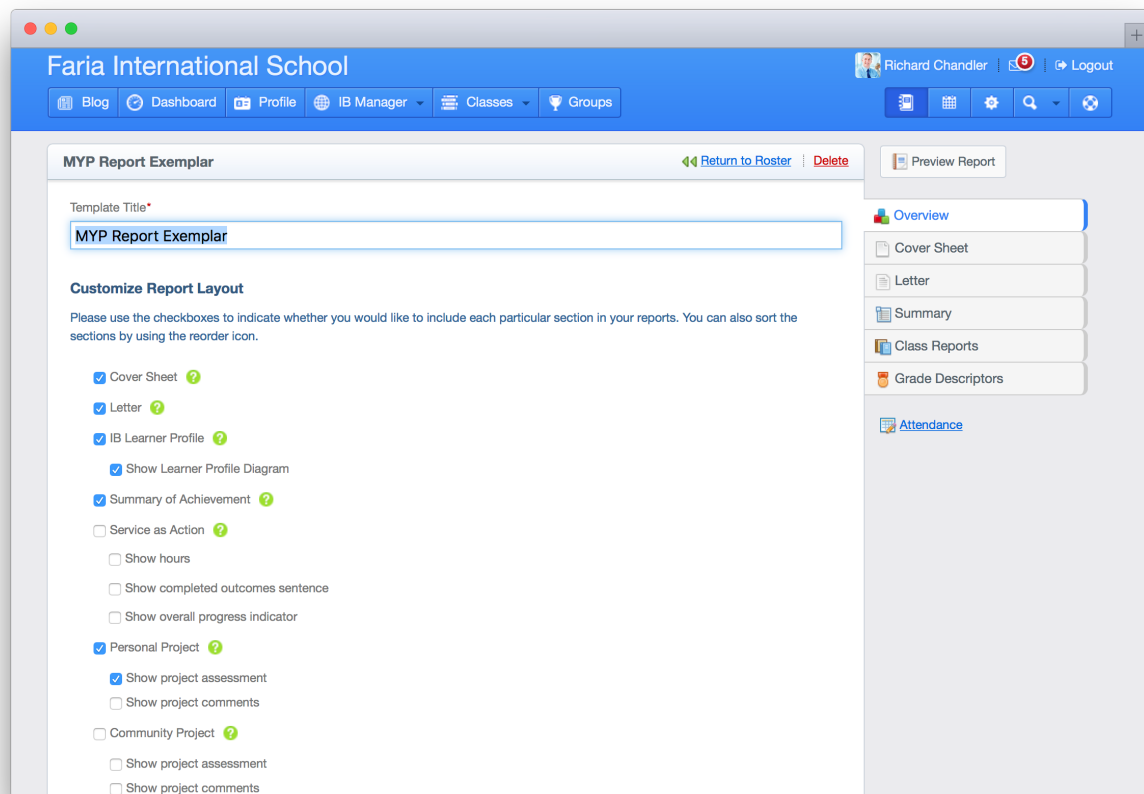

Under Reports > Proofing & Review, you can view programmes and subjects to see which teachers have submitted their term grades.

As an admin user, you can directly edit these grades here.

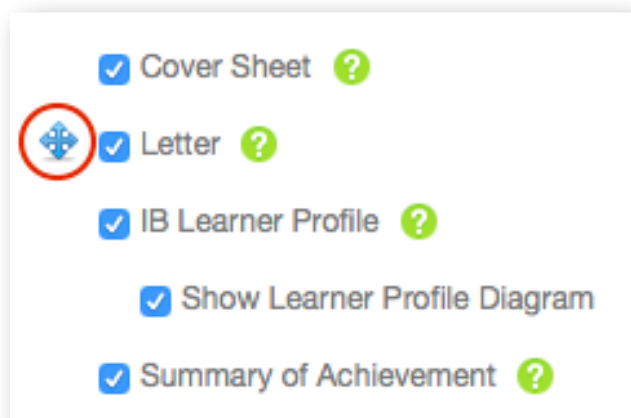

Step 4: Customize Templates

Under Reports, click Manage Templates to begin. Edit an existing template or add a new one.

In the template **Overview**, you can give your template a title, select items to include on the report, and drag and drop to re-order items. When satisfied, click **Save Changes** and **Next**.

For more information about different items, hover over the green question mark.

Next, your Letter may be formatted using Textile or HTML. Please note that if you copy and paste from Word, formatting will not be preserved.

Letter

Dear Parents,

An education at Faria International School is about actively combining challenging and enriching experiences with academic rigor and creative opportunities. We want our students to have the courage to push back the boundaries of their experience and to explore the possibilities that are available to them. Whilst we are proud of their academic results, there is so much more to the education we provide. It is, therefore, important that parents wholeheartedly support the ethos of the school.

Whether it is in the classroom, on the stage, whilst participating in an expedition, on the sports field or when serving others, we want our students to experience the excitement of discovering they are capable of achieving far more than they ever felt was possible. We have high expectations of our students and they, in turn, have high expectations of themselves.

On this note, I would like to present the first report card of this academic year. Let's work together to create an environment for true development.

Kind regards,
John Walden
Principal
